

Scoop Pendant

Our best-seller, Scoop Pendant was first introduced in 2014, reminiscent of everyone's favorite ice cream cone. This year, an improved version boasting beauty of natural grains of American Oak, Scoop Pendant is now available in two waxed finishes- Natural and Stained.

The sleek 2 meter back cord is suspended from a tall ceiling canopy to finish at the Timber finial with a new connecting brass ring detail, replacing the old unfavorable plastic cord grip. We have kept the customizable versatility of using interchangeable coloured rings and bases which has made our Scoop Pendant so popular with all.

Pre- orders available now, with our best light ever.
